

SUE AND GARY

Greetings and best wishes for the holiday!

GARY, RANDY AND DAVID

GARY AND SUE READY FOR THE ZIP-LINE

The year 2014 was an active one. It started with a visit from Gary's brother, Randy. The two brothers traveled to see their cousins, Bruce and Joel, in California and spent time with their other brother, David who now lives in Boise just two blocks from Gary and Sue. After a yurt trip in Idaho, Sue and Gary headed off to Costa Rica for a bit of winter warmth among the jungles, volcanoes and beaches.

NEWFOUNDLAND DORIES

SUE, GARY AND SUE'S COUSIN, JINNY

In July, we headed on a road trip to Newfoundland in Sue's new Honda CRV with the bicycles on the back. On the two week drive both going and returning, we stopped in Sarnia, Ontario for a needed respite with friends Dawne and Ray. We arrived in St John's July 21. We spent much of our time in St John's staying with Sue's niece Stephie and her husband, Gil. They and their sons, Shay and Oliver, were kind enough to share their home and we greatly enjoyed being a part of their family. Happily Sue's brother and her other niece, Sarah and husband, Mike live within a few blocks and her nephew, Colin came home for a few days so we had a grand time with Sue's family. In St John's, we also saw old friends from University; Emir and Steve, Maeve, Cathryn and Clar and Paul and Marie; none of whom had changed a bit in 45 years or more. For part of our visit to Newfoundland we also had guests from away. Friends from New Mexico, Judy and Neil and Sue's cousin Jinny and husband Ian from England came to the island. Sue and Dick were tour guides as they showed the visitors across the wonderful land. Lucky us we saw icebergs late in the season and as a result of Sue and Dick's arrangements attended cultural and historic reenactments of Newfoundland events in addition to enjoying the natural beauty. Both in Newfoundland and on our way there and back, we took our time and had many adventures and wonderful experiences. We enjoyed the Mississippi River Valley, the 1000 Island Lakes area between Quebec and New York state, the Fortress at Louisbourg in Nova Scotia and the King's Landing Historical Settlement in New Brunswick.
