
SUE AND GARY

2018 ANNUAL UPDATE

The New Year Begins

This year, we were glad to find that Sue's back surgery from a year ago was very successful. And, in the spring, Gary's brother and sister in law, Randy and Joan, came for a wonderful visit and we enjoyed showing them Idaho in the winter. Later on, we felt the need for warmth and sunshine and headed down to San Antonio for a week long get away.

Across Europe via River Boats

Our major trip this year was in Europe where we traveled 700 miles via boat. We started in Amsterdam on the Rhine river, then followed the Main River climbing 1300 feet thru 26 locks and finally came down the Danube River to Budapest, Hungary. All told, we passed through the Netherlands, Germany, Austria, Slovakia and Hungary

Newfoundland

At the end of summer, we spent a month in St John's and vicinity visiting Sue's family, brother Richard two nieces and families. We very much enjoy our visits to St John's.

Seasons Greetings

Sue and Gary in front of the Morrison Center Tree

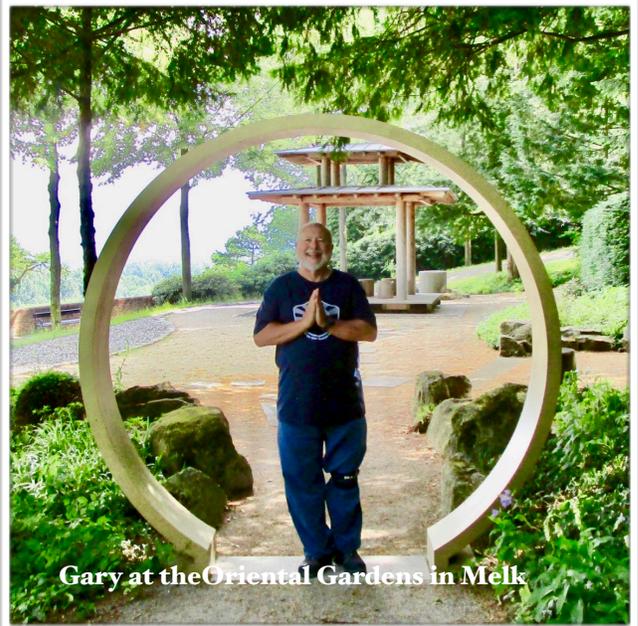

Buenavista along the Eastern Coast of Newfoundland

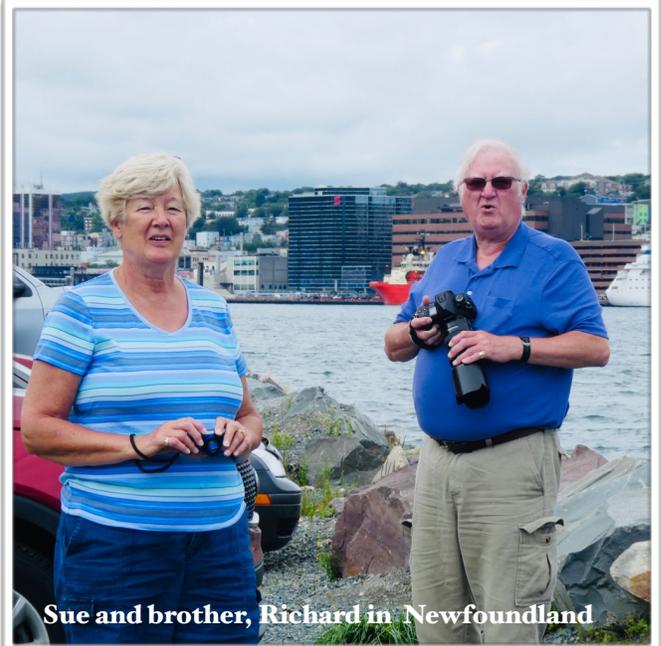

Randy and Joan visiting the McCall bears

Gary at the Oriental Gardens in Melk

Sue tries on shoes in Amsterdam

Sue and brother, Richard in Newfoundland

On the Home Front:

While we often mention our trips, we really enjoy our time in Boise. Sue volunteers at the Morrison Center and has her friends in the Mah Jong group. Similarly, Gary has his advocacy for bicycles and amateur radio projects. The tomatoes from our garden are a source of great pride and we love to cook. For the next several months, we will be home because Gary is having knee surgery in a few weeks.

We Wish you a Happy and Healthy New Year.

Merry Christmas!
